Schloss Drachenburg

With its fairytale magnificence and enchanting atmosphere, Schloss Drachenburg is a popular destination for sightseeing and guided tours. What many don't know is that the palace-style villa can also be used for a wide range of events. Say 'I do' for example, in the north tower's wedding chamber with its romantic views over the Rhine, or under the music hall's majestic vaulted ceiling. Celebrate an anniversary, a birthday or a wedding reception with family and friends under the glass roof of the outer bailey's forum, or in the dining hall with its spacious terrace overlooking the river. Utilise the elegant art gallery for business dinners and company events, or host seminars and conferences for your clients and employees amidst the unforgettable ambience of the historical castle rooms. With its exclusive location within the Siebengebirge (seven mountains) and grand Wilhelminian-style architecture, Schloss Drachenburg represents a unique combination of setting and sightseeing – the perfect place for events to be remembered.
